d. Statement of School Ethos	Age range 14-19 years KS 4/5
<p><u>Bosco Independent School vision statement</u> “ We are a unique user- friendly school with a good spiritual ethos, for young people whose needs have not been met in the mainstream sector” In line with our Admissions Criteria , we take all young people aged 14-18 years whose needs we can meet socially, academically, vocationally and morally</p> <p>Here, each one is encouraged to care for the other, to care for the environment and to listen with respect to each other. The staff and the young people will work together to help all reach their potential academically, socially, morally and spiritually, thus growing into honest, responsible, enthusiastic citizens, contributors to the community and society, able and willing to earn their living in their chosen career.</p>	<p><u>Accessibility Plan</u> We aim to increase opportunities for those with disabilities, and to that end are enlarging the school/Centre to take in more young people.</p> <p><u>Equal Opportunities</u> Our Code of Conduct explains clearly how we value each other in all our diversities through our conduct, speech, manner , looking to find the best in each other, valuing what each in their diversity offers the school/college community, regardless of gender, ethnic origin, belief, age, disability, sexual orientation, social background etc...</p> <p><u>There is a breakfast club</u> and wrap around care for those who wish to stay back to do some research -</p> <p><u>CURRICULUM Subjects taught</u> – main core</p>
